PRINCIPAL DESK

Dear Students

I welcome to you in the premise of well fame educational Institution in the new session.

The educational journey of this school was began when its was primary school which was later reached in upper primary, then secondary and high secondary. Pink Model school also achieved this glorious honor first time in private institution, to get place in the merit list of science stream. This school, due to parents unbreakable faith, has reached these progressive steps.

Threading, faith, firm determination and dedication in a garland, by keeping all sections in observations, not only we kept this institution away from professionalization but also provides modern facilities and maintained superiority

This school is facilitate with regular supervision, home work checking, laboratories of science and computer well equipped with modern equipments in which microscope, CCTV environment, Broadcasting can be listened and visioned through C.D. directly on computer. Teaching arrangement in both Hindi and English medium. Separate building and class-rooms for girl students. We prefer teaching by ladies teachers. Class teaching is so profound natural & impressive that a student doesn't feel any requirement of separate tuition.

Dear new students, your parents got your admission in this special school, considering you as a property of society and our country. Your parents sent you here for knowledge gaining and for whole personality development our country also has shown unbreakable faith in the excellence of the knowledge.

You are Fortunate as you got a golden opportunity to get the best education. I'd like to see you, fulfilling your parent's expectation, enlighten through talented student's life. This school staff with all efforts, will be in your side to make you capable and for whole personality development. Make yourself to bear responsibility and deep interest in getting study. Which would be your property in your whole life.

I wish to motherland for your success ful life, and make you fame and prosperous. With all these good wishes, I cordially welcome to you.

MODERN & WELL EQUIPPED LABORATORIES

The institution has gained specialization in science faculty along with theory, emphasises is equally laid on practical. To meet the object separate laboratories have been constructed for physics, biology, chemistry and for computers, there are two laboratories one computer laboratory for primary and second one is for higher class students.

- These laboratories have a large area, which is the unique feature in them selves.
- The equipments are bought on quality basis so that authentic results can be obtained.
- Such a huge and well equipped laboratories are unique in Bikaner.

During this advance age, Knowledge can be confirmed by practical work. For Science Students we are providing a well equipped laboratory of each subject like Physics, Biology and Chemistry. Our laboratories are equipped with essential apparatus and salts, acid and other relevant material.

LIBRARY

This institution has a well equipped AC and spacious library containing a lot of books, periodicals and journals on literature, history, science and technology, humanities, environment, social science, business and spiritualism etc. to fulfil the academic needs of the students and also serves as a resource centre to the teaching faculty.

As we know Library is supplementary aid for a student to increase his knowledge. This one is such a platform through which they mature their educational concept and nurse them. We also have such noble feeling while establishing library.

There are newspapers, magazines and Various sphere can be touched by reading good literature and social science's books.

COMPUTER EDUCATION

It is true to say that a revolution has come in Education Technology because of computer education. We are providing computer aided education and doing our student's update with recent information of education. Computer education helps the student to aware educational technology. Students can get advantage by joining with internet and they can also go in the contact with whole world.

The school has 20 Latest computer sets with multimedia CD/ DVD & Internet facility with a group of well trained & qualified teachers and instructors.

Keeping in view Importance of computer education and the career aspect of the students, this institute has drawn more attention toward this education along with academic education.
